OWENS COMMUNITY COLLEGE
AND
DEVRY UNIVERSITY**

This Memorandum of Understanding (“MOU”) dated as of July 1, 2022 (“Effective Date”), is by and between Owens Community College (“Institution”) and DeVry University, Inc. (“DeVry”).

RECITALS

Through this MOU, Institution and DeVry agree to a cooperative relationship to better serve students and to facilitate the transfer process from Institution to DeVry through Transfer Admission Pledge (“the Program”).

The Program offers DeVry’s pledge for transfer admission to the Bachelor of Science in Technical Management degree and the Bachelor of Science in Business Administration degree at DeVry for Institution students who have completed DeVry’s Admissions Application¹ (“Program Participants”) and satisfied the Program requirements established herein.

Now, therefore, in consideration of the mutual promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Institution and DeVry agree as follows:

1. Transfer Admissions Pledge

- a. Program Participants that earn an associate degree from Institution and satisfy DeVry admission requirements will be admitted into DeVry.
- b. Program Participants who earn a qualifying associate degree from Owens Community College will receive a block transfer of 60 credit hours into the DeVry program as listed below.
 - a. Programs listed here for each applicable school
- c. Program Participants who apply will receive a waived application fee.
- d. Program Participants who earn an associate degree from Institution and enroll at DeVry will be automatically considered for the Future Ready Transfer Scholarship.
- e. Program Participants who apply and are accepted to DeVry will receive academic, financial aid and career services advising.

2. Academic Requirements for Program Participants

DeVry has specific grade requirements for core courses in the undergraduate program, the Program Participant may be required to repeat a course in the undergraduate degree program to satisfy that requirement.

- b. During enrollment as part of the Program, DeVry will provide advisement to Program Participants to discuss academic program requirements and transfer credits when initiated by the Program Participant. It is recommended that Program Participants track their degree progress by working with their transfer advisor at Institution. Program Participants shall authorize Institution and DeVry to share their education records, as defined by the Family Educational Rights and Privacy Act of 1974, and its implementing regulations (“FERPA”). DeVry shall provide reasonable advising services to Program Participants seeking to discuss DeVry’s academic program requirements and transfer credit policies. DeVry may elect to communicate directly with Program Participants to inform them of presentations, workshops, activities, visits, and other events and resources relevant to Program Participants.

3. Admission Requirements for Program Participants

- a. Program Participants must apply to DeVry through its enrollment process and meet all applicable requirements and deadlines, including but not limited to the payment of tuition and fees, completion of a background check (if required), and receipt of certain vaccinations, if required by state. Unless explicitly stated herein, all Program Participants who enroll at DeVry are subject to the same general rules and requirements applicable to all other DeVry students, including, but not limited to, those governing course enrollment, financial aid, academic sanction, suspension, and expulsion.
- b. Notwithstanding anything to the contrary, DeVry reserves the right to deny admission to Program Participants that: (i) have been suspended, dismissed, or expelled for academic or non-academic reasons from any academic institution; (ii) have been convicted of any criminal offense; (iii) present other factors in their personal or academic background that DeVry deems inappropriate, inconsistent with DeVry standards; or (iv) do not otherwise meet DeVry’s requirements for admission, as amended from time to time.
- c. Failure to meet the academic and admission requirements for the Program does not preclude Program Participants from applying and being considered for admission to DeVry under the same conditions as traditional transfer applicants.

¹ Transfer Inquiry Form is available at <http://devryworks.com/toniam>

4. Eligibility for a Program Transfer Scholarship

- a. Program Participants may be eligible for the Future-Ready Transfer scholarship upon their first session of enrollment at DeVry by enrolling in at least 9 credit hours per semester. Qualifying transfer students enrolled in a DeVry bachelor's degree program will be awarded \$1,000 during their first session, \$6,168 during their last 12 credit hours with a lifetime award of \$7,168.
- b. Program Participants shall be considered for additional merit-based scholarships for which they qualify and apply (when required). Completion of the Free Application for Federal Student Aid ("FAFSA") is required for consideration for many need-based awards.
- c. Students may be eligible for multiple institutional funding programs and may only be awarded the funding program that is most beneficial.

5. Term and Termination

- a. This MOU will remain in effect until terminated as provided below. The Program will be subject to annual review to adjust scholarship requirements and amounts, participating degree programs and requirements, and any other terms of the MOU the parties deem appropriate. Any changes to the Program must be agreed-upon in writing at least sixty (60) days prior to the first day of instruction (at both institutions) of the academic year in which the change will be implemented.
- b. Either party may terminate this MOU for any reason or no reason upon sixty (60) days' written notice to the other party.

- b. DeVry and Institution will have the right to review and approve all advertising for the Program.
- c. All promotion and advertising contemplated under this MOU will be done in accordance with all applicable laws and regulations.
- d. Institution will provide DeVry with alumni data in the Program for the purpose of providing information relating to this MOU.
